

AI Product Buzz Feed

Comforting welcome image with a modern and nostalgic vibe

The internet is noisy. This feed is not.

Welcome to a calmer way to discover AI products.

This project collects new launches, tracks their buzz, and turns the whole thing into a feed that feels less like a document and more like a discovery experience.

What makes it worth a look

- It helps you spot what is actually gaining attention
- It keeps the interface simple and easy to skim
- It makes staying updated feel lighter and more intentional

The vibe

Think of it as a little corner of the web for people who want to know what is next without getting overwhelmed.

Run it

```
npm install  
npm run dev
```

Built with

- Next.js
- TypeScript
- Supabase
- Vitest

Short version

Curious? Quick? Interesting? That is the goal.
